### **RE: White Lighting Schemes Proposed for the Key Bridge Architectural Lighting Project**

Dear Mr. Zimbabwe,

On October 30, 2017 ANC 2E held its regularly scheduled public meeting, which was properly noticed and attended by eight commissioners, constituting a quorum. At this meeting the Commission adopted the following resolution by a vote of (8-0-0) with regard to the above-referenced matter:

ANC 2E prefers the installation of architectural lighting that would allow for maximum flexibility for lighting design options in the future as well as experimentation related to mitigating environmental feedback and potential adverse effects. With that being said, in terms of the white lighting schemes presented by the District Department of Transportation, ANC 2E generally prefers a lighting scheme which subtly accentuates the bridges attributes.

Respectfully submitted,

Joe Gibbons  
Chair, ANC 2E
