RE: Moving Forward the Neighborhood Livability Study Prior to the End of 2021

Dear Director Lott,

On October 4, 2021 ANC 2E held its regularly scheduled public meeting, which was properly noticed and attended by six commissioners, constituting a quorum. At this meeting the Commission adopted the following resolution by a vote of (6-0-0) with regard to the above-referenced matter:

ANC 2E requested – and Councilmember Brooke Pinto secured – funds for a Georgetown transportation and livability study. It is the ANC’s hope that Georgetown can proactively address a range of forward-thinking transportation needs in a cohesive and organized way.

ANC 2E requests that the District Department of Transportation (DDOT) kicks off the Georgetown livability study in earnest in the next six weeks, as funds to conduct the study are officially available and the ANC seeks to use those funds this calendar year while such funds are available. The ANC requests that DDOT uses the following guiding principles which address unique Georgetown needs:

- Reduce traffic congestion
- Promote green options
- Include safety issues
- Promote commuter use of commuter-designed roads
- Symbiotic transportation-related environment that allows commercial and residential to both thrive

ANC 2E requests that the study examines important issues such as bike and micro-mobility infrastructure, the use of one-way streets, public transportation access and

COMMISSIONERS:

Kishan Putta, District 1 Jenny Mitchell, District 2 Rick Murphy, District 3
Anna Landre, District 4 Lisa Palmer, District 5 Gwendolyn Lohse, District 6
Elizabeth Miller, District 7 Matias Burdman, District 8

connections, space and processes for package and people delivery in commercial and residential areas, how and where to integrate e-charging in commercial and residential areas, how the gondola and e-charging station and Metrorail at Key Bridget fit into the long-term transportation picture, residential parking needs, enforcement of parking and traffic laws, and a neighborhood-wide signage package.

ANC 2E looks forward to a close working partnership with DDOT on this study and particularly would like to be sure that the community is engaged in a thoughtful way that includes feedback from as many residents and business owners as possible.

Commissioners Elizabeth Miller (2E07@anc.dc.gov) and Rick Murphy (2E03@anc.dc.gov) are the Commission's representatives in this matter.

Respectfully submitted,

A handwritten signature in blue ink that reads "Richard G. Murphy, Jr." in a cursive script.

Rick Murphy
Chair, ANC 2E
